

	Engineering, including trades	
Course title	Course code	Jobs - pathways
Advanced Diploma of Engineering	MEM60105	Technical officer/para professional occupations
Certificate I in Engineering	MEM10105	Entry level production occupations
Certificate II in Engineering	MEM20105	Production or process operator occupations
Certificate II in Engineering Studies	21566VIC	Engineering VET in Schools program, pre-apprenticeship program at School or TAFE
Certificate III in Engineering - Technical	MEM30505	Entry level technician occupations
Diploma of Engineering - Technical	MEM50205	Technician occupations
Certificate IV in Engineering	MEM40105	Post trade training for qualified tradespeople
Certificate III in Engineering – Electrical/Electronic Trade	MEM30405	Apprenticeship program – electrical or electronic trades
Certificate III in Engineering – Fabrication Trade	MEM30305	Apprenticeship program – fabrication trades, boilermaker, sheetmetal, pattern/coremaker
Certificate III in Engineering – Mechanical Trade	MEM30205	Apprenticeship program – mechanical trades, fitter, machinist
Certificate III in Jewellery Manufacture	MEM30605	Apprenticeship program – jewellery trade
Certificate III in Locksmithing	MEM30805	Apprenticeship program – locksmithing trade
Certificate III in Marine Craft Construction	MEM30705	Apprenticeship program – boat building trade
Certificate IV in Aeroskills (Avionics)	MEA40607	Apprenticeship program – aircraft maintenance engineer
Certificate IV in Aeroskills (Mechanical)	MEA40707	Apprenticeship program – aircraft maintenance engineer
Certificate IV in Aeroskills (Structures)	MEA40807	Apprenticeship program – aircraft maintenance engineer
Diploma of Engineering – Advanced Trade	MEM50105	Specialised post trade training for qualified tradespeople
